Why stop Common Core?

1. What is Common Core? It is the **NEW untested** curriculum in your schools.

2. A database of over 400 personal facts will be kept on each child, **permanently**: Health records, finger prints, iris scans, DNA, blood type, attendance records, family political leanings, RELIGION, psychological information, family income, disciplinary problems, plus many more.

3. Geopolitical experts see Common Core as a **MAJOR** step toward a **Socialist** economic and political system in the United States.

4. Parents have no control over what is taught in the Core.

5. The federal government and corporations will **COMPLETELY** control what your child learns in the Core...NOT YOU.

6. Go to www.CommonCoreFacts.com and/or www.cuacc.com for more.
